## Impact of Sea Level Rise on Historic Places: November 17 Free Webinar Topic

Sea level rise and its impact on historic places will be the next free monthly ***“Preserving Our Community”*** webinar sponsored by The Villagers. The one-hour Zoom program will be held at noon, on Wednesday, November 17. Participants must register in advance online at [Villagers' Lunch and Learn free webinar series](#) .

**“Impact of Sea Level Rise on Historic Places”** will be **presented by Dr. Harold Wanless**, professor and chair of the Department of Geological Sciences at the University of Miami.

Preservation topics are being showcased during a series of free monthly, lunch and learn preservation webinars, hosted by The Villagers, featuring experts on a variety of issues significant to Miami-Dade County. Mark your calendar for the December 15 program on “Historic Windows” with guest speaker John Medina, president, John Richard Medina Architects and Associates.
